An ALPHABETICAL LIST of all the STREETS, LANES, ALLEYS, QUAYS, SQUARES, COURTS, YARDS, &c. in the City and Suburbs of DUBLIN; with their Situations in respect to each other; and References for finding them in the MAP of modern DUBLIN.

Example. To find Smithfield. In the *List of Streets*, Smithfield is situated near King-street, Oxmantown, and the letters of reference are E c. Then turning to the Map, and passing the eye downwards under the great letter E, and sideways opposite the small letter c, you will find the situation of the place wanted. Where the place is too inconsiderable to be particularly mentioned, without over-crowding the Map, the letters of reference, in that case, are to the next considerable street, and the situation, by that means, may be nearly found.
